

ABOUT THE COMPANY

KODE is a smart automation company that transforms residential and commercial spaces into modern, functional, and visually appealing environments. It focuses on improving how people use their spaces by combining comfort, convenience, and control through smart technology.

Our product range includes Bioclimatic Pergolas, Retractable Pergolas, ZIP Blinds, Cassette Awnings, Automated Louvers, Foldable Facades, and Curtain Motor Systems.

Combining advanced technology with premium design, our solutions provide effective protection from sun, wind, and rain while creating modern, versatile spaces for residential, commercial, hospitality, and corporate projects.

VISION & MISSION

KODE empowers modern living with innovative automation solutions that combine smart technology, seamless control, and elegant design for residential and commercial spaces.

ZIP BLIND

KODE Zip Blind is designed to make your outdoor spaces more comfortable and useful. It uses a strong zip-guided system that keeps the fabric tight and smooth, so it looks neat and stays steady even in outdoor conditions.

Whether it's your patio, balcony, or pergola, Zip Blind works perfectly in every space. It helps block strong sunlight, reduces heat, and gives you privacy—while still letting you enjoy the outside view. It easily turns open areas into relaxing and usable spaces.

The key features are:

- Wind-resistant design
- Smart motorized control
- UV & Heat Protection
- Enhanced Privacy
